Dedication

We recognize the fact that during this year many people have been helpful to William Carey College and to the staff of the Crusader--too many to be mentioned here.

The future of the college appears bright and the hopes of students, faculty, and friends of the college are high. New buildings are being constructed, new faculty members are being employed, and new students are being enlisted. Everything conspires to brighten the glow of the future.

At the same time, we recognize the value of the past and of tradition. Without deep roots in our cultural heritage our growth will not be satisfactory nor solid. Perhaps a couplet from Alexander Pope best expresses the feelings of many at this point:

"Be not the first by whom the new are tried,
Nor yet the last to lay the old aside."

Having considered both points of view, the staff of the Crusader throws in its lot with those who are emphasizing the future. We dedicate this issue of the Crusader, therefore, not to an individual, but to the Spirit of the Forward Look.

William Carey College

The President

THREE FREEDOMS

Let me call to the attention of all those youthful minds who are striving to keep the torch of eternal freedom ever burning the following excerpt from Never Call Retreat by Joseph Freeman:

Man is an animal who is more than an animal. He is a creature not only of tooth and claw, reared in the sanguinary code of the jungle and still unable to forget it; he also has a soul. He is the only creature on earth who builds the Parthenon, conceives the Ten Commandments, writes Plato's Dialogues, erects the cathedral of Chartres, envisions the poetry of Dante, Milton, Shakespeare, and Goethe; composes the music of Bach; constructs the railway, the steamship and the airplane; and comes to grips with the problems of poverty, disease and war. He is the only one of all the beasts of the fields, the birds of the air and fish of the sea who has been able to conceive of human justice and divine mercy, and there have been bright moments in history when he has acted on these sublime concepts. Yes, that is where your whole mad scheme falls to pieces; you do not understand the creature you want to enslave! . . . Your failure to see this will be the real cause of your inevitable destruction. The peoples of the earth will rise up against you, not only with the superior might of their mechanical arms; they will crush you by the overwhelming power of their dreams, for it will be dreams of FREEDOM that will render arms irresistible!

It is my concern that each student at William Carey College may learn:

THE FREEDOM OF CONCEPT - a freedom which enables one to think and reason and formulate one's own views.

THE FREEDOM OF COMPETITION - a competition, physical as well as mental, which builds strong bodies and minds.

THE FREEDOM OF COMRADESHIP - a participation in wholesome social activities which makes one's life more abundant.

Presents . . .

Louis Brooks, Editor

Dr. J. Ralph Noonkester,
President

... in completing the new library ...

William Carey College goes forward

... with a fine Board of Trustees

... an active alumni group and

Mrs. Wayne McClure
CAREY COLLEGE
Station B
Hattiesburg, Mississippi

Dear Mrs. McClure:

Enclosed are the photographs of the
contestants, with the winners marked on the reverse side.

It was a pleasure to make these selections,
even though the girls were all so attractive that our staff
found it difficult to reach a decision. They were chosen
on a basis of natural beauty and apparent poise.

With best wishes for a successful school

years,

Sincerely,

JOHN ROBERT POWERS

William Carey College

A Christian College Serving
The Mississippi Gulf Coast

Mississippi Baptists, through William Carey College, have available Christian, liberal arts co-education to the great and growing Gulf Coast section of Southern Mississippi. Founded 50 years ago and long operated as a well-known southern women's college, the name was changed to William Carey College in 1954 and made co-educational to better serve the educational needs of the present.

A dedicated Board and Administration looks forward to a second half-century of continued progress, and invites all who are interested to visit and participate in the ambitious plans for the future.
